On assumption you have been too busy lately to read ARMY HAIRCUT POLICY, may I quote current regulation.

"If the individual desires to wear sideburns, they will be neatly trimmed. The base will be a clean shaven horizontal line. Sideburns will not extend downward beyond the lowest part of the exterior ear opening... no style longer than the one illustrated is permitted.

DIRECTOR FOR FACILITIES ENGINEERING

P70

horizontal - parallel to horizon; on a level

Ear - the organ of hearing ... auricle
for collecting sounds, etc.

external ear opening - an orifice surrounded
by the tragus and antitragus
leading to the tympanum or labyrinth.

Knowing you are erudite, need I say
more? whether I have said too much is
not an issue for debate.
